Computational Psychology Lab – Research Assistant

Spring 2016 - Summer 2017

• Meta-analyzed the Five Factor Model (FFM) of personality and its facets' relationships with leadership effectiveness and task performance.

• Conducted literature searches and reviews for journal articles; fetched relevant data from PsycINFO.

#### Work University of Illinois Addresses: at Urbana-Champaign Psychology Building Room 236 603 E Daniel St, Champaign, IL 61820 juanma3@illinois.edu

State Farm State Farm Plaza SB2 Bloomington, IL 61710-0001 juan.alzatevanegas.vaez4q@statefarm.com

## **EDUCATION**

Largo High School (Largo, Florida), I.B. degree, June 2015.

University of Central Florida (Orlando, Florida), B.S. in psychology with honors and minors in statistics and computer science, August 2018.

University of Illinois (Urbana-Champaign, Illinois), M.S. in psychology, August 2020; Ph.D. in industrial-organizational psychology (Expected graduation date: August 2024).

### WORK EXPERIENCE

Research Intern: Organizational Insights Team, State Farm (Enterprise Research), Bloomington, IL.

- Presented quantitative insights about insurance claims severity and customer satisfaction for business leaders to make strategic decisions.
- Developed up-to-date educational materials for machine learning methods to improve research quality and efficiency.
- Designed an animated visualization of insights in talent acquisition for Hack Day 2023.

Teaching Assistant: University of Illinois, Urbana-Champaign, IL.

Developed and presented instructional materials; primary point of contact for technical support and academic feedback.

- Personality Psychology Lab, under Dr. Chris Fraley (Fall 2023)
- Industrial Organizational Psychology, under Dr. Daniel Newman (Spring 2023, 2024)
- Personality Psychology, under Dr. Julia Briskin (Fall 2022)
- Industrial Organizational Psychology, under Dr. Christine Shenouda (Summer 2022)
- Organizational Psychology, under Dr. Yihao Liu (Spring 2022)
- Stereotypes, Prejudice, and Discrimination, under Dr. Chris Fraley (Spring, Fall 2022)
- Personality Psychology Lab, under Dr. Chris Fraley (Fall 2021)

Tutor: University of Illinois, Urbana-Champaign, IL.

Developed Master's-level teaching materials on statistics, factor analysis, and data visualization.

- Master's of Psychological Science (MSPS), under Dr. Caroline Tancredy (Spring 2020)
- Statistical Methods I and II, under professor Frieder Köhn (Spring 2019 Fall 2022)

#### Ad Hoc Reviewer: Military Psychology.

Peer-reviewed 10 manuscripts considered for publication.

#### **RESEARCH INTERESTS**

- Research and statistical methods, psychometrics, item response theory, computational approaches to psychological research (e.g., Big Data, machine learning, neural networks, natural language processing, social signal processing, simulations), meta-analyses, structural equation modeling.
- Technological implications for the workplace, electronic monitoring, social media assessment, computerized adaptive testing, virtual teams, ergonomics and human factors.
- Self-efficacy, stress, motivational interventions, job satisfaction, employee attitudes, occupational commitment, counterproductive work behavior, turnover.
- Individual differences, personality theory, intelligence, theories of cultural influence.
- Leadership styles and effectiveness, leadership emergence, leadership-member exchange.
- Performance measurement, appraisals, 360-degree feedback systems, job analyses, selection assessment and placement.

#### WORKS IN PROGRESS

- Alzate Vanegas, J.M., Drasgow, F., Briley, D.A., Fraley, R.C., Zhang, B., & Zhang, S. (2024). Expressions of personality and job attitudes on Twitter. [Doctoral dissertation, University of Illinois]. Manuscript in preparation.
- 2. Alzate Vanegas, J.M. (n.d.). Who's citing who?: Applications of network analysis to uncover seminal articles in *The Journal of Applied Psychology*. [University of Illinois]. Manuscript in preparation.
